Years Of Service Form

First Day of Retirement (MM/DD/YYYY)

The "First Day Retired" is the first day you are in a retirement status with your retirement plan.

Eligibility for the monthly Years of Service (YOS) premium subsidy or Exchange HRA contribution is determined in accordance with NRS 287.046. To qualify for a YOS premium subsidy or Exchange HRA contribution, the employee's last public employer must have been with the State of Nevada, NSHE, PERS, or a PEBP participating local government employer. The YOS premium subsidy or Exchange HRA contribution is determined by the retiring employee's total years of service from all Nevada public employers as determined by the employee's retirement plan. The YOS premium subsidy or Exchange HRA contribution is based on a minimum of 5 years of earned service credit to a maximum of 20 years; purchased service credit does not apply. Employees with an initial hire date on or after January 1, 2010, must have a minimum of 15 years of earned service credit, except when the retirement occurred under a qualifying disability plan, e.g., PERS or NSHE. Employees hired after January 1, 2012, do not qualify for a YOS premium subsidy or Exchange HRA contribution. To apply for a YOS premium subsidy or an Exchange HRA contribution, please submit this form within 60 days of your retirement effective date. A subsidy will be applied to your premium cost in accordance with Plan Rules upon receipt of verification of the YOS from PERS or other participating retirement plan. The "First Day" entered on this form is the first day you are in retirement status with your retirement plan.

PEBP & MEDICARE GUIDE

PLAN YEAR 2027

July 1, 2026 – June 30, 2027

NEVADA PEBP
Public Employees' Benefits Program

NEVADA HEALTH AUTHORITY
Ensuring affordable, reliable health care for Nevada

WELCOME

- Soon you or your covered dependent may be eligible for Medicare. As a retiree or a covered dependent of a retiree who is aging into Medicare, you will have new options for your medical, dental, prescription drug, and vision coverage.
- **What is changing?** When you are retired and become eligible for premium-free Medicare Part A you will need to enroll in Part A and purchase Medicare Part B. In most cases, you must transition into a medical plan offered through the Medicare Exchange with Via Benefits. Via Benefits gives you access to a Medicare marketplace which offers Medicare Advantage Plans (PPO and HMO plans) and Medigap (supplement) Plans.
- Eligible retirees enrolled in a medical plan through Via Benefits may qualify for a monthly contribution to a Via Benefits Health Reimbursement Arrangement (HRA) account. The contribution is based on the retiree's date of hire, retirement date and years of service, beginning with 5 years up to a maximum of 20 years. If you are eligible for the HRA allocation, your first Via Benefits HRA contribution will begin when your medical plan becomes effective through Via Benefits. For Via Benefits HRA contribution amounts, refer to the PEBP HRA Funding section of this guide.
- For more information and details on eligibility or plan benefits, please refer to the applicable plan documents on PEBP's website at https://www.pebp.nv.gov/ or by calling PEBP and requesting a copy be mailed to you. We encourage you to review key terms and definitions before you begin.

Important: Basic Life Insurance (BLI) & Late Enrollment

If you leave PEBP coverage, you permanently forfeit your Basic Life Insurance (BLI). BLI cannot be reinstated later. By Nevada law (NRS 287.0475 and NRS 287.0205), eligible retirees may have one opportunity to re-enroll in a PEBP plan as a late enrollee during Open Enrollment; however, BLI is excluded and will not be restored.

A break in coverage, including enrolling in a Medicare plan outside Via Benefits or not paying Medicare Part B premiums on time will result in permanent loss of BLI.

Late Enrollment (how to request):

Contact PEBP April 15–May 15 to request the retiree late enrollment form and return it to PEBP no later than May 31st. If approved, coverage begins July 1. You must meet statutory eligibility requirements.

Note: These rules are set by Nevada Revised Statutes (NRS) and are not a PEBP policy choice.

This interactive guide will explain the PEBP Medicare requirements, enrollment options, and timeframes. PEBP has very specific enrollment timeframe requirements for Medicare. It is very important that you read and understand these requirements. If you have questions, you may send a secure message through your E-PEBP Portal or call PEBP Member Services at 775-684-7000, 702-486-3100 or 1-800-326-5496.

Note: Active employees and eligible dependents are not required to enroll in Medicare until retirement. See the Enrollment and Eligibility section of this guide for more details.

Who is Via Benefits?

PEBP has chosen Via Benefits to work with you as you approach age 65 or will be retiring after age 65 and become eligible for Medicare. Via Benefits is not an insurance company. They are a resource that gives you access to a Medicare marketplace that includes a wide variety of plans from the nation's leading health insurers. They will assist you with your enrollment options and help you transition from your current group coverage (PEBP) to a medical plan offered through Via Benefits. The individual insurance plan(s) you purchase from Via Benefits will replace the group plan you currently have through PEBP.

Via Benefits also administers the Health Reimbursement Account (HRA) and reimbursements to eligible Medicare retirees.

Licensed Benefit Advisors

To help you decide which individual plan(s) are right for you, you will have the assistance and expertise of a Via Benefits Licensed Benefit Advisor. During your enrollment, a Benefit Advisor can help you compare, select and enroll in the plan(s) that fit your needs and budget.

The Benefit Advisors and easy-to-use optional online tools will guide you through the individual Medicare market ensuring you confidently choose the plan that fits your needs.

During your enrollment call, your Benefit Advisor will ask questions to find the plan(s) that fit your needs. To simplify this process, have answers to the questions on the Via Benefits checklist ready. Space is provided in the Notes section of this guide to write the answers to questions your Benefit Advisor will ask.

Licensed Benefit Advisors are licensed by state departments of insurance and must be certified by the health insurance carriers before they can enroll retirees into their products.

Licensed Benefit Advisor

Licensed Benefit Advisors and easy-to-use online tools will guide you step by step through the Via Benefits' marketplace.

Unbiased, Objective Support

Unbiased support from Licensed Benefit Advisors who are trained to be your objective advocates. Their compensation is never tied to your plan selection.

Quality Plan Options

Via Benefits works with leading national and regional insurance companies to ensure you have quality plans to choose from.

Efficient, Accurate Enrollment

Once you have selected a plan, an application data processor will assist you with completion of your application to ensure it is processed correctly.

Support After You Enroll

When you purchase a Medicare plan through Via Benefits, they will continue to be your advocate for the lifetime of your enrollment.

How to Prepare

During the specified enrollment period, you will supplement your original Medicare coverage with medical and prescription drug coverage purchased from Via Benefits. The insurance plan(s) you purchase from Via Benefits will replace your PEBP group plan.

Your new individual plan will supplement the coverage provided by original Medicare Parts A+B with supplemental medical and prescription drug coverage. This supplemental coverage is available to everyone who is Medicare-eligible, regardless of income.

Before your call with Via Benefits to complete your enrollment, take a few moments to research the plans available to you and consider your health care priorities. You can shop and compare plans at https://my.viabenefits.com/pebp to help narrow your options and find plans that meet your specific needs.

In this section you will also find important timeframes in which you or your Medicare eligible dependents are required to follow. Failure to submit copies of the Medicare Part A+B card (or Part A denial letter and Part B card) and TRICARE for Life military ID (if applicable) within the required timeframe will result in termination of all PEBP-sponsored benefits including medical, prescription drug, dental, vision, basic life insurance, HRA contribution, and any voluntary products. For detailed information please review the Enrollment and Eligibility section.

The same rules apply to your covered dependents.

PEBP no longer requires dependents to enroll with Via.

TIMEFRAMES

I am retired and turning age 65, when do I sign up for Medicare?

- PEBP requires you to sign up for premium-free Medicare Part A and purchase Part B coverage approximately 90 days before your 65th birthday.
- If you sign up for premium-free Part A and purchase Part B approximately 90 days before your 65th birthday, your Part A and Part B coverage will start the 1st day of the month you turn 65, or the month before you turn 65 (if your birthday is the 1st day of the month).

I am retiring soon, and I am 65 years old or older. When do I sign up for Medicare?

- PEBP requires you to sign up for premium-free Medicare Part A and purchase Part B coverage approximately 90 days before your retirement date to ensure you are enrolled in Part A+B on the date your PEBP retiree coverage becomes effective.
- Premium-free Medicare Part A and/or B coverage is not required until you are retired.

When am I required to enroll in a medical plan through Via Benefits?

- If you are retired, the requirement to enroll in a medical plan through Via Benefits will depend on whether you:
  - Qualify for premium-free Medicare Part A
  - Are covering a non-Medicare dependent; and/or
  - Have TRICARE for Life
- In most cases, you will need to enroll in a medical plan through Via Benefits within 60 days of your Medicare effective date.

Important: Retirees or those newly retiring that are required to transition to the PEBP Medicare Exchange (Via Benefits), must provide proof of Medicare A&B and enroll with Via Benefits within 60 days. **Failure** to do so will result in **termination of PEBP coverage and the permanent loss of basic life insurance.** If you do not enroll with VIA by the date, you are eligible or notify PEBP that you want to decline, you will remain on a PEBP plan up to 60 days. Premiums must be paid during this period.

Before Your Enrollment Call

While you don't have to go online, the online tools are easy to use and can help reduce the amount of time you spend on the phone.

Create Your Account

- Creating an account allows you to save your prescription drug information, search for and save plans, and track the status of your applications.
- To create an account, simply click the *My Account* link on the Via Benefits' website. If you're a first-time visitor, some information is required. If you're a returning visitor, enter your username and password.

Your Personal Profile

- Once your account is created, you're ready to shop for and compare plans. While shopping, you may be asked to confirm additional information about yourself in your account. Via Benefits refers to this information as your "personal profile" and providing it will simplify the enrollment process and expedite your enrollment call.
- You may be asked to confirm information that already appears in your personal profile. This information was provided to Via Benefits by PEBP and confirming that it is up-to-date helps ensure an accurate enrollment.
- You may review the status of your personal profile by clicking the Edit profile link on the My Account section of the Via Benefits' website.

Have Your Information Ready

- After you have verified your personal information, you will be asked to add your current medications, preferred pharmacy, and doctor information to your account. Instructions on how to prepare this information are provided on the Notes section of this guide. Collecting and providing this information in advance will allow you to complete your personal profile more quickly and will help reduce the length of your enrollment call.
- If you choose not to complete your profile online, having this information ready for your call will ensure your enrollment is accurate and efficient, and will reduce the length of your enrollment call. Once you have provided the requested information, securely file this guide.

Via Benefits Check List

Before you make your call, take a moment to ensure you have collected all the information that you will need to complete your enrollment. Consider the following questions:

- ❑ Is it important for you to keep your current doctors?
- ❑ How many doctors or specialists do you see, and how frequently?
- ❑ Do you have any medical conditions or upcoming treatments?
- ❑ Do you have a home in another part of the country, or do you travel often?
- ❑ Do you need routine care while away from home?
- ❑ Do you use mail order for prescriptions?
- ❑ Do you have a preferred pharmacy?
- ❑ Are you willing to pay copayments and deductibles if you can pay lower premiums?

Have you:

- ❑ Created your online account and verified your personal profile (optional)?
- ❑ Researched your plan options online, noting plans that interest you and reasons why?
- ❑ Found a plan that interests you? Add it to your cart or write its name down and reasons you prefer it in your notes.

Do you have this information available?

- ❑ Social Security Number
- ❑ Medicare ID card, with effective dates for Medicare Parts A+B
- ❑ A list of your prescriptions, including dosage & frequency (if not already added to your online account)
- ❑ Your doctors' names & addresses (if not already added to your online account)
- ❑ Your billing information. Some insurers may require first month's premium payment during the application process.

Does a family member, friend, or caregiver help you make health care decisions?

- ❑ If so, have them available during your call. Your Benefit Advisor can connect them, with your recorded permission, even if they are calling from a different phone number or state.

Medicare Basics

- Original Medicare A+B
- Medigap
- MAPD
- Additional Voluntary Options

Medicare includes several "Parts" that cover different benefits. Original Medicare, also known as Medicare Part A and Part B, is the health insurance provided by the federal government when you turn 65 (in most cases). Although original Medicare pays for about 80% of your doctor and hospital costs, it does not pay for everything and the other 20% is uncapped. Medicare costs vary depending on plan, coverage and the services used. To reduce your out-of-pocket costs, you must purchase additional coverage through Via Benefits.

Via Benefits offers both Medicare Advantage plans (PPO and HMO) and Medigap (Medicare supplement) plans through multiple carriers based on the retiree's zip code. For specific details about these plans, you will need to speak to a Licensed Benefit Advisor at Via Benefits.

Wondering why you can't find plans or prices in this guide?

Regional variations prevent the prices of specific plans to be printed. However, cost and plan comparisons can be found on Via Benefits' website or when you speak with a Benefit Advisor.

Original Medicare A+B

In most cases, when you turn 65, the federal government provides you with Original Medicare, also known as Medicare Part A and Part B. Broadly speaking, Part A covers hospital stays and Part B covers doctor visits.

	Hospitals **Medicare Part A**	Outpatient Services **Medicare Part B**
Helps Cover Some	• Inpatient hospital care • Skilled nursing care • Hospice and home health care	• Services from doctors and other specialists • Lab work, x-rays, and durable medical equipment • Preventive services
Does Not Cover Most	• Long-term nursing home care • Concierge care • Non-medical in-home care	• Dental care • Vision care or glasses • Prescriptions
Eligibility	• You or your spouse (or former spouse of 10 years) have at least 40 credits (10 years) of work in any job in which you paid Social Security taxes; or • You are eligible for Railroad Retirement benefits; or • You are under age 65 and approved for Social Security Disability benefits	• You are eligible to enroll at the age of 65 • Qualifying illness or disability
Additional Information	Most public employees pay into Medicare regardless if they pay into Social Security	There is a monthly premium based on income

Medigap Plans + Part D Plans

Medigap (Medicare supplement) Plans: These plans help to pay the difference between the total healthcare costs and the amount paid by Medicare. Medigap Plans do NOT include prescription drug coverage (Part D prescription drug coverage must be purchased separately). Generally, Medigap Plans have:

- Higher monthly premiums
- Low or no copayments required for doctor or hospital visits
- No network restrictions on physicians—you may see any doctor that accepts Medicare

---

A Medigap Plan plus a Part D Plan may be right for you if:

- **You prefer predictability and flexibility.** Medigap is accepted by all doctors and hospitals that accept Medicare. It is the most flexible type of plan regarding choice of hospitals and physicians.
- **You have frequent doctor visits, or you see several different doctors regularly.** Because most Medigap Plans do not require copayments or coinsurance, each visit to the doctor or hospital is covered by your monthly premium payments (which may be higher than other plans).

Prescription Drug (Part D) Plans: Part D plans only cover prescription drug expenses. You should consider purchasing a Part D plan if you enroll in a Medigap Plan and need prescription drug coverage. Part D prescription drug coverage can be purchased separately through Via Benefits for those enrolled in a Medigap Plan.

Medigap Guaranteed Issue

Medigap (Supplemental) Plans and Guaranteed Issue Rights:

During this enrollment period, Medigap insurance plans for which you are eligible are guaranteed issue, as long as you are leaving group coverage with PEBP and have not had a break in coverage. Meaning you cannot be turned down based on your medical history or pre-existing conditions. After your first enrollment period, changes to your Medigap coverage may be subject to underwriting, meaning you can be rejected based on your pre-existing medical conditions. If you choose not to enroll in a Medigap Plan when first eligible, you will lose guaranteed issue status for future Medigap applications. Also, if you have opted out of your current coverage and already have a Medigap Plan, you are not guaranteed coverage for Medigap insurance during this enrollment period.

It is important to understand the "Guaranteed Issue" period for Medigap supplement plans as well as to make your decision and enroll within your enrollment window. If you have any questions about this, you should speak to a Via Benefits Benefit Advisor at 1-888-598-7545.

Should you wish to change your Medigap coverage in the future, Via Benefits will work with you and your preferred plan to meet underwriting conditions, but you are not guaranteed acceptance.

Finding Information About Specific Plans:

Since Via Benefits offers thousands of plans from insurance companies across the United States, it is not possible to include specific information about plans and premium costs in this guide. However, the Via Benefits' website, https://my.viabenefits.com/pebp, provides extensive information about plans available in your area, including cost.

Medicare Advantage with Part D Plans

Medicare Advantage Prescription Drug Plans (MAPD):

These plans provide an all-in-one plan that bundles Medicare Part A, Part B and prescription drug coverage together with additional benefits. These plans provide coverage for doctor visits, hospital stays, and prescription drug expenses.

Medicare Advantage plans cover medical and prescription drug expenses with a single premium, generally lower than Medigap plan premiums. In exchange for this convenience, Medicare Advantage plans utilize a network of doctors (PPO and HMO) that allow for even deeper cost savings.

Medicare Advantage plans cannot deny an applicant due to age or health (the only exception is individuals with end-stage renal disease or for Special Needs Plans aimed at certain populations). Also, premiums cannot vary by age or health.

A MAPD Plan might be right for you if:

You want one plan and one premium. Medicare Advantage Plans combine medical and drug coverage in one plan, providing all your benefits for a single premium.

Additional Voluntary Options

PEBP Dental Plan: You have the option to purchase PEBP's PPO dental plan when you transition to Via Benefits.

In some cases, the dental premium will be deducted from your PERS pension check and reimbursed to you automatically. If you do not receive a PERS pension check, you may pay online or set up automatic payments by calling PEBP Member Services. If you pay your premium directly to PEBP monthly your premium will also be automatically reimbursed to you. The automatic dental reimbursements come from your Medicare Exchange HRA account.

For PEBP dental plan premium rates and coverage details please see the PEBP Dental Options section of this guide or view the Plan Comparison and Rate Guide on PEBP's website.

PEBP Voluntary Benefits: Voluntary benefits such as: vision, pet insurance, auto and home polices, ID theft + more are offered to eligible retirees and their dependents. To learn more about these voluntary benefits, log on to your E-PEBP Portal and click *PEBP+ Voluntary Benefits.* Any premiums associated with voluntary insurance products are the retiree's responsibility.

Via Benefits Voluntary Benefits: Optional dental and vision coverage is also available through Via Benefits. Your Benefit Advisor will provide information about plan options and costs for any voluntary plan option offered by Via Benefits.

PEBP Dental Coverage

To discuss dental options, other than PEBP dental, please ask your Via Benefits Benefit Advisor during your enrollment call.

The PEBP PPO dental plan option is available to retirees enrolled in Via Benefits. Covered dependent(s) must be enrolled in Medicare Parts A+B to elect PEBP dental. Retirees and their covered dependent(s) with TRICARE for Life and Medicare Parts A+B may also elect PEBP dental.

To elect or decline the PEBP dental plan option, please submit the original Retiree Benefit Enrollment and Change Form (RBECF) via mail or use the Secure Document Upload Form on the Contact Us page of the PEBP website before the medical plan effective date through Via Benefits.

Retirees and their spouses or domestic partners may enroll or decline PEBP dental coverage during open enrollment, which is typically held between May 1st and May 31st. Changes to your dental plan will become effective July 1st.

PEBP open enrollment is the only opportunity (beside initial enrollment) to enroll in or decline PEBP dental coverage. If you would like to make changes to your PEBP dental coverage, please complete the open enrollment event in your E-PEBP portal during open enrollment.

By electing the PEBP dental plan you are required to maintain dental coverage throughout the plan year unless you terminate your medical plan through Via Benefits and decline all PEBP benefits.

PEBP HRA Funding

HRA Contribution Amounts

HRA Process

The HRA is a reimbursement process, therefore allowing PEBP to provide the allowance tax-free. This requires participants to pay the premium or expense first and then seek reimbursement from the HRA.

Once an eligible retiree enrolls in an individual medical plan through Via Benefits, a monthly allowance is deposited into a Health Reimbursement Arrangement (HRA). Your monthly Via Benefits Health Reimbursement Arrangement (HRA) contribution is determined by your hire date, retirement date and each full year of earned service credit beginning with 5 years of service to a maximum of 20 years of service. Purchased service credit do not apply.

The final Years of Service (YOS) audit is performed by the Public Employees' Retirement System (PERS), Nevada System of Higher Education (NSHE), or other participating retirement plan. Once PEBP receives your YOS form, PEBP works directly with your retirement plan(s) to determine how many qualifying years of service you have.

Until the YOS audit is received by PEBP your Medicare monthly HRA contribution (if applicable) may be delayed, and that while the allocation will be backdated, participants may be paying costs up front for up to several months. Retirees who are eligible for HRA funding will receive an HRA informational kit from Via Benefits upon completion of enrollment in a medical plan. HRA funding is concurrent with the medical plan effective date through Via Benefits.

To receive the PEBP HRA contribution, an eligible retiree must **enroll in and maintain** medical coverage through Via Benefits unless the retiree has TRICARE for Life with Medicare Parts A+B. Failure to enroll or dis-enrolling in Medicare and/or in a medical plan through Via Benefits will terminate the retiree's Via Benefits HRA, basic life insurance, PEBP dental coverage, and any voluntary products (if applicable).

Via Benefits HRA funds may be used for reimbursement of the following expenses incurred by the retiree and qualifying IRS tax dependent(s):

- Medical, dental, prescription drug, and vision plan premiums;
- Medicare Part B and Part D premiums; and
- Out-of-pocket health care expenses such as physician visit and/or prescription copays, prescription eyeglasses, hearing aids, etc.

For more information regarding qualifying expenses that are eligible for reimbursement from the Via Benefits HRA, read IRS Publication 502 available at https://www.irs.gov/.

- Retirees who were initially hired ON OR AFTER January 1, 2012, do not receive an Exchange HRA.

Health Reimbursement Arrangement (HRA) funds through the Consumer Driven Health Plan (CDHP) are not transferable to an HRA through the Medicare Exchange. If a retiree on the CDHP terminates coverage or transitions to the Medicare Exchange, any remaining funds in the CDHP HRA account revert to PEBP. To find out your Consumer Driven Health Plan HRA balance please contact HSA Bank at 1-833-228-9364.

How the Via Benefits HRA Works

The following information is intended to give you a quick overview of the reimbursement processes associated with your Via Benefits Heath Reimbursement Arrangement (HRA).

1. Select a qualified individual medical plan through Via Benefits.
2. PEBP will work with Via Benefits to automatically establish your Exchange HRA once you have enrolled in a qualified medical plan through Via Benefits.
3. You pay your insurance premium directly to your insurance carrier and pay for any other eligible expenses out of pocket (copays, prescriptions, etc.).
4. Submit your reimbursement claim to Via Benefits via mail, fax or web. You may also set up automatic reimbursement for certain premiums.
5. Via Benefits reimburses you from your available HRA balance. You will receive direct deposit into your designated bank account.

Notes

Make notes for future reference

Your enrollment call will cover details that may be hard to recall once you hang up, so it's a good idea to write down things you want to remember including the names of your Benefit Advisor and other individuals you speak with.

Notes for your call, and future reference

Having information on your medical needs and history before your call helps ensure an accurate, efficient enrollment. Write the information required below on a separate sheet of paper, keeping it with this guide to reference during your call. Once you have provided the requested information, securely file this guide.

Before your call

We also suggest you write down any questions you'd like to ask during your call and take a few notes before concluding your call for future reference. Use a separate sheet of paper if needed.

Frequently Asked Questions

Via Benefits has simplified complex Medicare decisions for millions of retirees. After helping so many, they understand that many people have similar concerns. Here are answers to some of their most frequently asked questions.

Will my new plan be as good as my current plan?	Via Benefits works with the top national and regional insurance companies to ensure that you have quality individual plan options. There will likely be individual plans available that are similar to your current group plan, but there may be plans better suited to your needs. Their multiple options give you the ability to find a plan that closely matches your specific needs.
What can I expect to pay for my new plan?	What you will pay depends on the type of plan that you select. Via Benefits' research shows that many people will continue to pay about the same as they did under group coverage with their former employer, but some may pay more, and others will pay less. Your Benefit Advisor will work with you to understand the costs—and the benefits—of the different coverage options available to you.
Do I need an appointment to enroll in plans through Via Benefits?	An appointment is encouraged but not necessary to enroll. Please call Via Benefits at 1-888-598-7545 to set up an appointment to enroll in medical/pharmacy plans. Please have the following with you during your call: Medicare card, bank account information, list of medications, list of your doctors.
How will I request reimbursement for my eligible medical expenses?	You will request reimbursement from Via Benefits – not PEBP and not through the insurance carrier. Participants can request reimbursement the following ways: 1. Set up auto reimbursement through Via Benefits. 2. Submit the claim online through your Via Benefits Personal Profile. 3. Mail or fax in a paper claim form to Via Benefits.
How much should I expect my rates to increase next year?	Nearly every plan will increase its premiums each year, primarily due to the rising cost of medical care. In the individual Medicare market, where you will purchase new coverage, rate increases have averaged 5-6 percent each year over the last few years. This is a slower rate increase than in other, non-Medicare insurance markets. Be aware that this is an average— rate increases within your area may be lower or higher depending on the cost of medical care and other factors.
Can I continue to see my current doctor?	Via Benefits understands the importance of continuing to see your current doctor(s). To make your enrollment call more efficient, we recommend talking to your doctor(s) prior to your call and asking which insurance plans they accept. To help you enroll, Via Benefits may need your doctors' name and address. If you have not already done so, create or log in to your account, and provide this information online to shorten your enrollment call.
Will PEBP offer a dental or vision plan, or do I need to select the plans through Via Benefits?	Via Benefits does offer vision and dental plans; however, Medicare-eligible retirees and their eligible dependents will also have the option to enroll or stay enrolled in the PEBP voluntary dental. They will also have the option to purchase additional voluntary products (including voluntary vision) through the E-PEBP Portal.
Will I have to pay for my new health plan when I enroll?	When you enroll in your new plan, you will need to begin making monthly premium payments to the insurance company to maintain your coverage. You may need to pay your first month's premium(s) during your enrollment call or shortly after enrolling in new coverage. To speed up your call to enroll, have your payment information ready when you contact VIA.

Important Information

Newly retiring? Contact the Social Security Administration approximately 90 days prior to your retirement to enroll in Medicare Parts A (as eligible) and purchase Medicare Part B. Be sure to have the effective date correlate with your retirement date.

Retirees who are eligible to retain coverage under the PEBP Consumer Driven Health Plan (CDHP), Low Deductible Plan (LD), Exclusive Provider Organization Plan (EPO), or Health Plan of Nevada (HMO) and who have Part B coverage will receive a Part B premium credit of *up to* $145.30. The Part B premium credit will apply to the retiree's premium on the 1st day of the month following the date PEBP receives the Part B card or the effective date of Part B coverage, whichever occurs later. Dependents are not eligible for a premium credit.

Health Reimbursement Arrangement (HRA) funds are not transferable from any other plan offered by PEBP to the Medicare Exchange. If a retiree on a PEBP sponsored plan terminates coverage or transitions to the Medicare Exchange, any remaining funds in that HRA account revert to PEBP. To find out your HRA balance please contact HSA Bank at 1-833-228-9364.

Key Terms and Definitions

HRA Contribution/ Allowance	Also referred to as a "benefit credit" is the amount of money determined by your years of service that is deposited into your HRA account on a schedule determined by the Plan Administrator. Retired public employees enrolled in a medical plan through the contracted third-party administrator may qualify for an HRA contribution based on the date of hire, date of retirement, and total years of service credit earned with each Nevada public employer.
HRA Contribution Eligibility	To receive the PEBP HRA contribution, an eligible retiree must obtain and maintain an individual medical insurance policy through the PEBP sponsored Medicare Exchange. In other words, to receive the PEBP HRA contribution amount, the eligible retiree must enroll in and maintain a medical insurance policy through the PEBP sponsored Medicare Exchange. If the eligible retiree does not enroll and maintain medical coverage as described above, the eligible retiree will NOT receive the PEBP HRA contribution amount and will lose their PEBP sponsored benefits entirely including but not limited to life insurance and dental insurance. This policy also applies to eligible retirees who are covered under their spouse's employer sponsored health plan. *NOTE: Effective July 1, 2015, the policy described under "HRA Contribution Eligibility" does not apply to eligible retirees or their spouses who have health coverage under TRICARE for Life and Medicare Parts A+B. To receive the PEBP HRA contribution, these individuals must submit a copy of their Military ID card(s) to PEBP. PEBP will coordinate their enrollment with the third-party Medicare HRA administrator.*
Health Reimbursement Arrangement (HRA)	A Health Reimbursement Arrangement (HRA) is an employee-funded spending account that provides tax-free reimbursement for qualified medical expenses such as monthly insurance premiums, Medicare Part B premiums and copays incurred by eligible participants. If the retiree leaves the plan, they cannot take remaining HRA funds with them. Via Benefits will administer the HRA and will provide education to the participant on how to use the account and complete the reimbursement process.
Medicare Part D	Prescription drug coverage subsidized by the federal government but is offered only by private companies contracted with Medicare such as HMOs and PPOs.
Medicare Advantage Plans	An insurance plan provided by a private insurance carrier that combines coverage for hospital costs, doctor visits and other medical services. Prescription drug coverage is typically included. These plans have lower premiums, but higher costs when individuals access health care. Individuals must be enrolled in Medicare Parts A+B to be eligible for a Medicare Advantage plan.
Medigap (Medicare Supplement) Plans	A private health insurance that supplements or fills in the "gaps" where Medicare Parts A+B leave an individual uncovered. Medigap plans do not have networks. They typically have higher monthly premiums, but little to no out-of-pocket costs. A separate Part D drug plan needs to be selected for prescription coverage.
Qualified Medical Expenses	These are expenses generated by the participants that can be submitted for reimbursement from a retiree's HRA; including medical, prescription, dental and vision premiums, Medicare Part B premiums, and doctor and prescription copays. The IRS defines qualifying expenses.
Via Benefits () Individual Market Medicare Exchange	The Third Party Administer PEBP has chosen to administer the Medicare Exchange benefits and HRA. Via Benefits is the longest and oldest Medicare Exchange in the country and is a division of Willis Towers Watson, a 100-year-old benefits consulting firm.
Years of Service	Years of service as calculated pursuant to NAC 287.485 and maintained in the eligibility records of PEBP. Retired public employees enrolled in a medical plan through VIA Benefits may qualify for an HRA contribution based on the date of hire, date of retirement, and total years of service credit earned with each Nevada public employer.
Unsubsidized Dependent of a Retiree	An unsubsidized dependent is defined as the eligible spouse/domestic partner and/or eligible dependent(s) of a retiree who remains covered under the Consumer Driven Health Plan, Low Deductible Plan, Exclusive Provider Organization Plan, or Health Plan of Nevada while the primary participant transitions coverage to the Medicare Exchange. Note: Unsubsidized dependents can only be added or removed during open enrollment or as a result of a qualifying event.
