

Expert care for your little ones

At 2nd.MD, we understand how important it is to get high-quality healthcare tailored to your child's unique needs. Whether your child is facing common concerns or complex health challenges, our expert specialists provide second opinions and guidance to support your family every step of the way.

This service is offered at NO ADDITIONAL COST to you and your eligible family members as part of your company benefits.

A second opinion can help you:

Connect with pediatric specialists who understand your child's unique needs

Receive trusted guidance that supports your whole family

Explore care options for common and complex childhood conditions

How to get started:

- 1 **Activate your account and request a consult**
Call **1.866.841.2575**
Visit **2nd.MD/activate**

- 2 **Speak with a nurse**

Connect with a 2nd.MD nurse experienced in pediatric care to discuss your concerns and see if a second opinion is right for your child.

- 3 **Consult with a leading specialist**

Connect by video with an expert specialist to explore care options from home. When a child is under 18, we work directly with the parent or guardian—and with consent, your child can join the consultation.

Feel confident about your child's healthcare journey

2nd.MD has specialists across most pediatric specialties and subspecialties, including support for complex cases. We partner with leading children's medical centers and typically require at least one visit with a local specialist to help ensure our experts have the necessary records to provide meaningful guidance.

Common pediatric consults include concerns like tonsillectomies, eczema, rashes, and hives, muscle or bone injuries, and support for less common cases like POTS and PANDAS.

CALL 911 IMMEDIATELY IF YOU ARE HAVING A MEDICAL EMERGENCY. 2nd.MD is not an emergency service. 2nd.MD is an independent resource to support you in receiving information from Expert Medical Specialists. 2nd.MD does not practice medicine or provide patient care and is independent from the Specialists providing the expert medical consultations.
