TRICARE for Life retirees do not need to enroll in a plan through Via Benefits to participate in PEBP dental.

Monthly HRA Contribution (effective July 1, 2025 – June 30, 2026)

The monthly Exchange Health Reimbursement Arrangement (HRA) contribution is \$13 per month, per year of service (YOS). The table on the next page reflects the HRA contribution amounts for eligible retirees. You can find the *Medicare Exchange Health Reimbursement Arrangement Summary* at <https://pebp.nv.gov> under *Open Enrollment* during the OE period, or under *Getting to Know Your Plan* during the rest of the plan year to help you understand how the HRA works.

How to determine your HRA contribution

- Retirees who retired BEFORE January 1, 1994, receive the 15-year base contribution monthly.
- For participants who retired ON OR AFTER January 1, 1994, the monthly contribution is based on years of service.
- Participants who were hired ON OR AFTER January 1, 2012, do not receive a subsidy. Those hired between 2010-2012 must have a minimum of 15 years to receive a subsidy or retire under a long-term disability plan.
- Spouses/domestic partners do not receive a contribution.

Health Reimbursement Arrangement

For HRA reimbursement, plan provisions dictate there is a 365-day period to file claims from the date the services were incurred. No plan benefits will be paid for any claim submitted after this period.

Important Information Regarding your Benefits

To maintain PEBP Benefits (such as HRA funding, life insurance, dental, and voluntary benefits) eligible retirees MUST continue to pay their Part B premiums and maintain enrollment in a supplemental medical plan through Via Benefits.
